Foreword from the Founding President

Dear Friends, Partners, and Colleagues,

Since its establishment in September 2023, Ready for Development (RFD) has remained firmly committed to advancing the economic and social empowerment of communities through coordinated, dignified, and sustainable actions. We are grateful for the strong partnerships we have built with development leaders and civil society organizations, working together to identify pressing challenges and design meaningful, community-driven solutions.

As we continue to pursue our mission of fostering sustainable livelihoods and strengthening community assets, we recognize that both challenges and new opportunities will emerge. We remain confident in our ability to learn, adapt, and rethink how philanthropy and collective action can effectively respond to the complex issues facing our communities.

As we step into 2026, I invite each of you to remain engaged and proactive in shaping the future of this shared space we proudly call home. In the pages ahead, you will learn more about who we are, the partners we collaborate with, the communities we serve, and the bold steps we are taking in service and leadership.

Thank you once again for your continued trust and support. I look forward to working alongside you in 2026 and beyond.

Founding President

OBIA MBONI Bryan
